Pricing Guidelines

The cost of your ARDMS® order is calculated by computing and adding together:

- Base rental price
- Selection charges
- Materials charges
- Shipping charges

These are explained below.

Base price rental for all ARDMS® mailing label records is \$150 per thousand (15 cents each). The minimum base charge is \$350, regardless of the number of records selected. The "breakeven" number is 2,334 records; that is, orders totaling 2,334 and up are at a marginal base cost of 15 cents each.

Selection charges are \$10 per thousand records (one cent each). These charges are applied only to the actual records chosen, even if your base selection is 2,334 or less. A separate charge is made for each selection (credentials, geography, gender).

Key Coding charges are \$3 per thousand records (three-tenths of a cent each).

Materials charges

Email	\$50 no matter how many records shipped.
Diskette*	\$30 no matter how many records shipped.
Pressure sensitive labels*	\$12 per thousand (actual label records shipped)

Shipping charges

* Labels or diskette shipment charges vary depending on the method and speed of delivery. You will be asked to decide on the shipping method

The final price for your order will be calculated and transmitted to you after all information is obtained and before you authorize us to ship your order.

Misc

Credentials are not automatically included on every record. If you wish to have the credentials added, please check the box on the order form. There is an additional fee of \$5 per thousand.
